RE: AED Installation

The Northern Arizona Consolidated Fire District has delivered an Automated Electronic Defibrillator to the Valle Vista Homeowner's Association. An automated external defibrillator is a portable device that is used in cases of life threatening cardiac arrhythmias which lead to cardiac arrest. The AED has been installed at the Valle Vista Country Club. Personnel from the VVPOA have been trained on the device by the NACFD. The installation is part of the AED program currently operated through the NACFD's prevention and public education division.
